Ok, now here's a little poem dedicated to our VIETNAMESE friends.....

BLESS AUSTRALIA

In Vietnam things no O.K.
Think to self: "Must get away"
So jump on boat and come to Aussie
"Ah So!" I say, "What a lovely possie"

Go quick to the welfare fella
He hands me money - I give Bank Teller
Welfare say: "Come here no more"
We send you cheque to your door"

With all my friends now living there
Next door neighbors start to swear
Tell me he must move away
I buy his house - with cash I pay

Now everything is going good
Soon I own all neighborhood
Open fish shop next to Coles
Make big profit from spring rolls

Six months on Dole - no longer poor
Drive around in Commodore
Write to friends in Vietnam
Tell them: "Come here quick as can"

Still on Welfare (but work at job)
Go get loan from finance mob
Get pretty smart - know what to do:
Buy big house in Waterloo

Friends write and tell me "On the way"
Can I find them place to stay?
When they arrive - with beds I fix
In just four rooms - get twenty six!

Soon am banking plenty rent
(Five in backyard - live in tent)
All are drawing Social money
Must think Bob Hawke "Bloody bunny"

! Get really fat from eating nice
! Sure as hell, beats bloody rice
! Still on Welfare - still get rents
! Think I buy Mercedes Benz

! Very happy - real good life
! Bring out girl and make her wife
! Take up hobby - call it breeding
! Baby bonus pay for feeding

! Kid needs Dentist - wife needs pills
! We get for free - we got no no bills
! White man good: He pay all year
! To keep the Welfare running here

! We thank Australia - damn good place
! To damn good for Aussie race,
! So if you no like Yellow man
! Plenty room in Vietnam!!

I hope you liked this section, and please contribute some jokes, write to at the address.... now for something different.... What about the most common positions for Sex??, interesting heh?

1. MAN ON TOP

Most frequently used by 100% of married females in Kinsey's survey, and the only position ever used by 9% of married females. To many Australians this is the only position considered biologically 'Natural' through other primates use the rear-entry position because it was introduced to native converts - who lived to make fun of it - by Christian missionaries who regarded other positions as sinful. **ADVANTAGES:-** Allows face-to-face intimacy, deep thrusting by males, pace setting for males. **DISADVANTAGES:-** Does not allow good control for the premature ejaculator, or freedom of move. Chance for Conception :- Good.

2. WOMAN ON TOP

Frequently used by 45% of married females. Shown in ancient art as most common position in Greece, Rome, Peru, India, China and Japan. Roman poet material portrayed Hector and Andromache in this position, generally avoided by those at lower education levels, according to Kinsey's, because it seemed to make the man less masculine, the woman less feminine. **ADVANTAGES:-** Allows freedom of movement for woman, control for premature ejaculation, caressing of female by male. Most often results in orgasm for woman. Good when the man is tired. **DISADVANTAGES:-** Too acrobatic for some woman. Chances for Contraception:- Not Good.

3. SIDE BY SIDE

Frequently used by 31% of the married woman. From Ovid, a poet of ancient Rome: "Of love's thous, this is: to lie on the right side and half supine withal". **ADVANTAGES:-** Allows manipulation of clitoris, freedom of movement for man & woman, good for tired or convalescent people, and premature ejaculators, as well as pregnant woman. **DISADVANTAGES:-** Does not allow easy entry. Chances for contraception: D.K.

4. REAR ENTRANCE (or "doggy fashion")

Frequently used by 15% of married woman. Favored by primates and early Greeks. Rejected by many Australians because of it's 'animal origins' and lack of face-to-face intimacy. **ADVANTAGES:-** Allows manual stimulation of clitoris. Exciting for men who are turned on by female buttocks. Good for pregnant woman, males with small dicks, women with large vaginas. **DISADVANTAGES:-** Does not allow easy entry or face-to-face intimacy. Dick tends to fall out. Chances for contraception: Good.

5. SITTING

Frequently used by 9% of married woman according to Kinsey, learned by many while "making out" in the back seat of cars. **ADVANTAGES:-** Allows clitoral contact with male body, free movement, intimacy. Good for males who wants to hold of orgasm, pregnant woman. **DISADVANTAGES:-** Does not allow vigorous thrusting, sometimes tiring. Penetration may be to deep. Chances for contraception: Poor.

6. STANDING

Frequently used by 4% of married woman. Has echos of a 'Quickie' against alley walls with prostitutes, Therefore exciting, Indian lotus position: Each stands on one leg. Wrap other around partner. **ADVANTAGES:-** Allows caressing, exciting, can flow from dancing, taking shower. **DISADVANTAGES:-** Does not allow much thrusting. Entry difficult particularly when one partner is taller then the other, tiring, not good for pregnant woman. Chances of contraception:- Poor.

O.K. that's it for all you sex maniac's, and the next issue will have something else..... O.K. every magazine can't go without the usual story.... Yes, I know this story is shameful but at least I didn't write it!..

THE WEEKEND! - Part 1

The whole family had gone away for the weekend and Jeff was feeling quite horny, he just wanted to get a chick and screw her senseless. He had an eye at the chick down the road for a while. He didn't know exactly what she thought of him. So Jeff invited her over to watch a video. She was happy to accept. Jeff raced down to the video store. He got out the most steamy R-rated movie he could find, it was "WE'LL COME!". Jeff went home and waited for Dianne to arrive. She was there a few minutes after. After a short chat, they decided to watch the video. Dianne was dying to find out what video Jeff had got. But he just kept telling her, "Wait and see, it's a supprise"

So they went to watch the video, as soon Jeff turned on the video, Dianne started to get horny and her juices started to flow, like she had a leak somewhere inside. They where about only a quarter of the way through the video. When Dianne couldn't contain herself. She let out a moan and said, "I can't take it anymore, screw me Jeff, and make it hard!".

Jeff's cock was already quite stiff. He took his shirt off and started to undress her, while giving her a big touguay. He had her top off now, he liked the fact that she had no bra underneath. Jeff couldn't believe how perfect her tits were, they were better then he had imagined. He started to massage Dianne's nipples till they were very stiff. He moved his hand down her dress and started to unbutton it. His jeans fell to the floor. Jeff shaft was relieved to be out of the pressure of the jeans. They both slipped out of their dacks and they where both totally naked now.....

See, I told you it was pretty pathetic, well lets now shift onto another topic.... This time it's the Do it yourself section.... I want some more clever tips.... This material was also published in the Smooth Criminal mag issue 2.....plus I will take no responsibility and do at own risk!

1. A tampon in the tank is no good for the car. All mouthpipes will be full of plags (works on Diesel cars)
2. On a normal car, small pieces of plastic bags, or freezer bags works pretty good in the tank and you can drive a kilometer or two until the car stops.
3. An antfarm in the summer is nice to have in a car. Behind the ashtray you have a little space where you can place sugar, soda or other sweets, and in

a couple of hours, you have a nice ant farm.

4. You want to make Napalm???.. well what you have to do is get heaps of polystyrene beads (in beanbags) and mix them with Kerosene or Petrol and away you go.

Well sorry for a short tips section, Well okay, now lets do the charts section!!!.. Well all you have to do is rank your votes and send them to the address on the first page....Note:- O/S=Outside Australia, OZ= Australia.... Of we go...
